

Resilient Infrastructure Technology (RIT) Colloquium

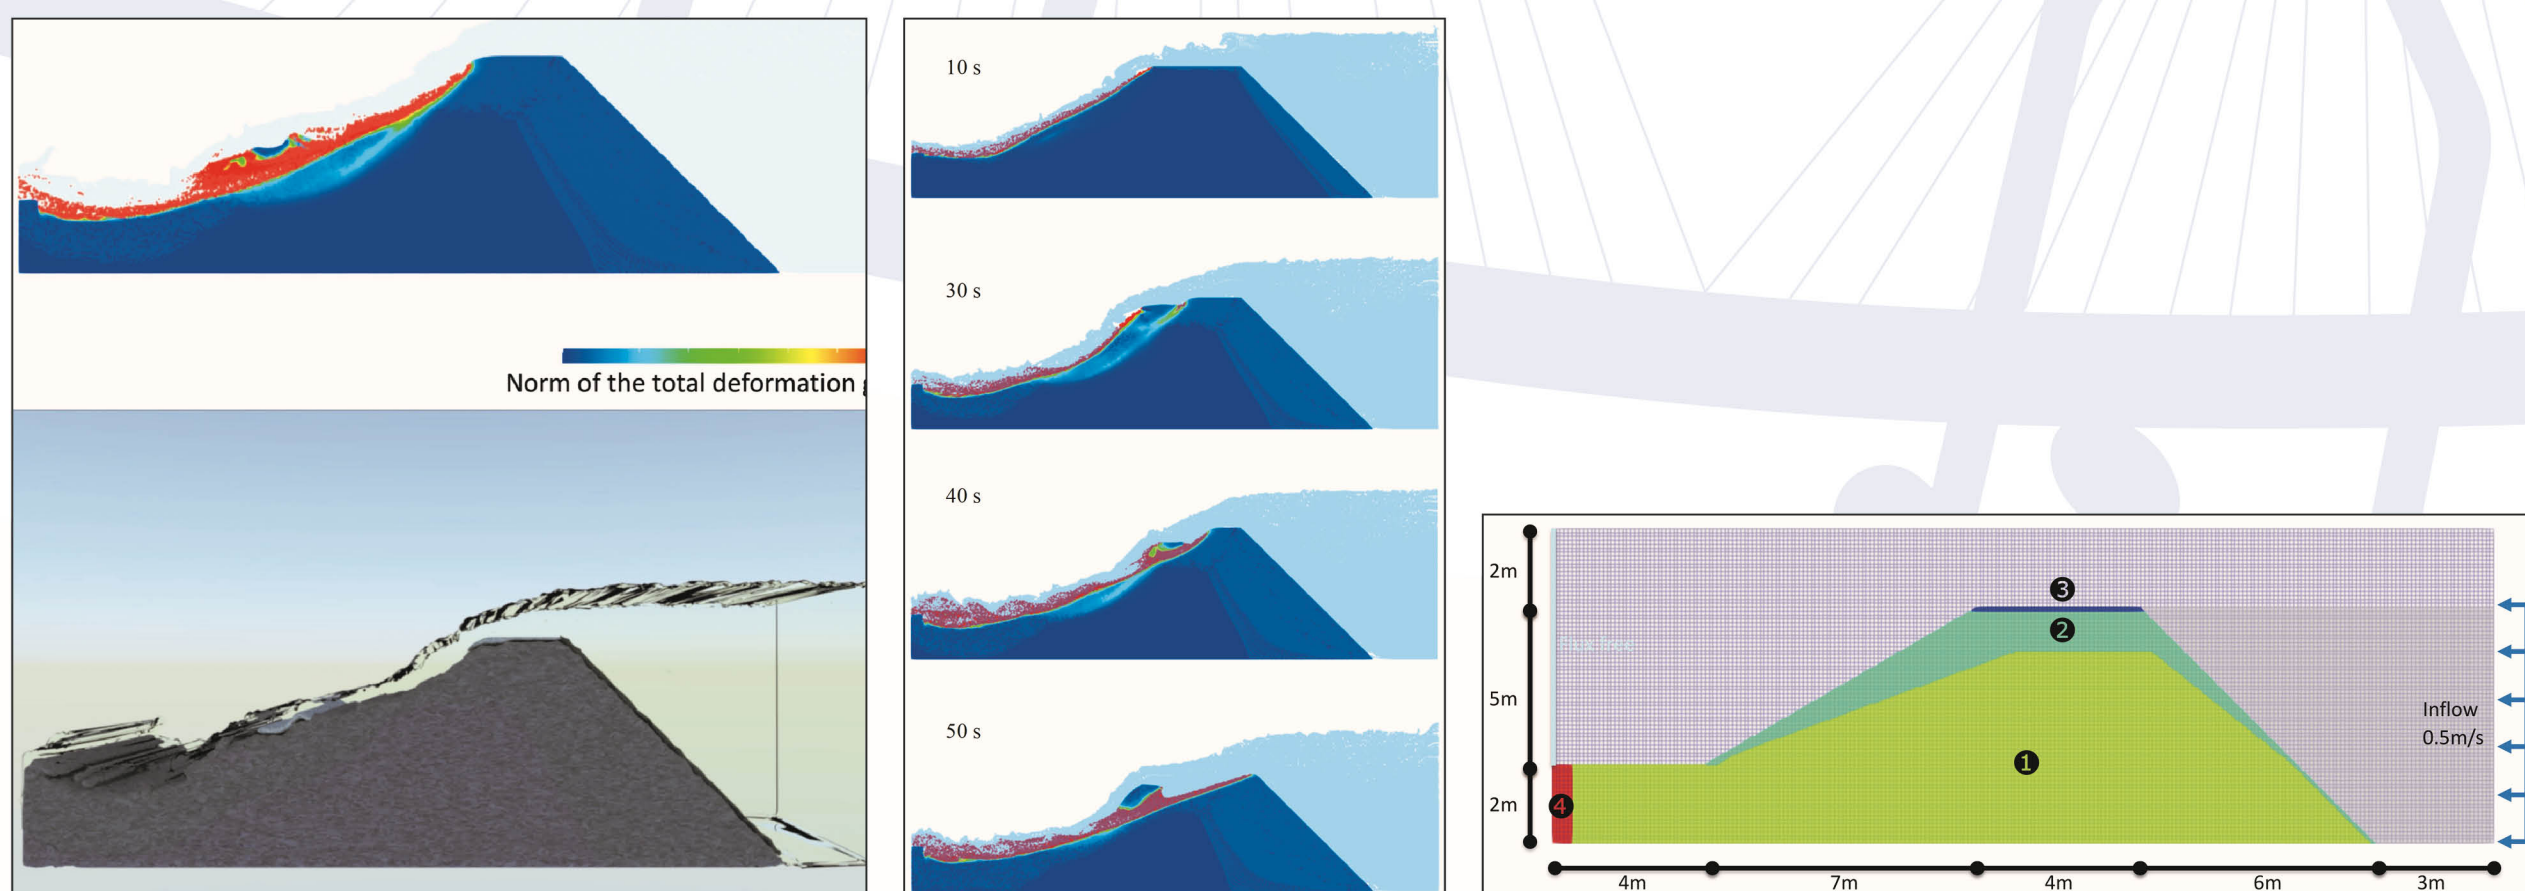

Date | 5 PM, Nov. 11th, 2022

Location | D403 Engineering Hall 4, Yonsei University, Seoul, Republic of Korea

Advances in FEMs and MPMs for disaster simulations

Prof. Kenjiro Terada (Tohoku University, Japan)

- Professor, International Research Institute of Disaster Science, Tohoku University
- President of International Association for Computational Mechanics (IACM)
- Former President of the Japan Society for Computational Engineering and Science (JSCES)
- Member of Applied Mechanics Committee, Japan Society of Civil Engineering (JSCE)
- Associate Editor of International Journal for Numerical Methods in Engineering (IJNME)

Host | Department of Civil and Environmental Engineering, Yonsei University

연세대학교
YONSEI UNIVERSITY
